Thank you for the information. But We are very disappointed with the performance of your journal so we have agreed under the recommendation of Dr. Masrizal's, then we and some other team of writers both who are campus partners in Indonesia and Malaysia and other country partners will make a joint petition to reject the publication of paper in your journal. We apologize if we have to be so, because we are very committed to the partnership that has been written in the LoA.

Warm Regards,
Sulaiman
