ACKNOWLEDGEMENT

Alhamdulillah, All praises belong to Allah *'Azza wa Jalla*, The Most gracious The Most Merciful The Most Beneficent who has given me love and blessing that made me able to finish the research and writing the thesis. Peace and salutation be upon our prophet Muhammad SAW, his family and companions.

First of all, I present sincere gratitude to my both supervisors Mr. Dr. phil. Saiful Akmal, S.Pd. I., MA and Mrs. Azizah S.Ag., M. Pd for their time, supports, advices and valuable corrections during writing of my thesis. My gratitude also especially to the head of Department of English Language education Mr. Dr. T. Zulfikar, S.Ag, M. ed, special thanks to my academic advisor Mr. Dr. Syarwan Ahmad M.L.I.S, who has given me invaluable advices and encouragement throughout the whole semester in the university, and all the lectures of Department of English Language Education who have taught and guide me during the study.

Henceforth, I would like to express my greatest love and thanks to my beloved motivators in the world, my mother Faulina Yacob and my special supporter Yuni Mahza for their wisdom, patience, love and everything that have made me to be the luckiest son and friend in the world and to my old brother and sisters, M. Rezki, Yulina handayani, Zurahmi and Azzahra Shalihah for their endless love who inspired and motivated me all along accomplishing the thesis, I

love you all. Without their attention and guidance, I would not be able to complete the thesis.

The last, I would like to thanks to my dearest friends Chairul Iqbal Aziz, Syukri Rizki, T.M. Abrar, Syamsul Fajar and all of PBI 2012 (especially for unit 3 family) for the inspiration and happiness that we share all along and others I cannot mention, who always cheer me up in completing this thesis. May Allah “Azza wa Jalla bless us and unite even stronger. Amen.

ABSTRACT

This research is intended to find out the strategies used by the students to overcome their problems in speaking English. In conducting this research, the author used qualitative descriptive method. The participants in this study were the students of semester VII majoring in English Language Education academic year 2017/2018 at UIN Ar-Araniry. 70 participants were chosen to answer 10 questions of questionnaire and 8 participants were selected to answer 3 questions of interview. The Questionnaires were administered to answered the first research question of this study; that is about the about the problems experienced by students in speaking English, while the interview was used to answered the second research question of this study; that is about the strategy used by the student in mastering English speaking. Based on the data obtained from these instruments, the writer conclude that the participant encountered several problems including internal and external problems in speaking English. The internal factors are lack or inappropriate use of vocabularies, lack of confidence, pronunciation mistakes, having no idea, the influence of mother tongue and making grammatical mistakes while speaking English. The external factors include less sufficient support from surrounding, lack of the opportunities speaking in class and strategies used by the lectures in teaching speaking. Several sources were used to improve speaking ability, for an example, Dictionary, Video / Movies, Novels and Music. Moreover, some strategies were applied to overcome the English problems such as Practicing with friends, Listening the English audio and Joining speaking club.
