Dr. Muksin Umar:

We are pleased to inform you that, after the peer-reviewing process, your manuscript "Seismic Vulnerability Based on Microtremor Data with HVSR Method in Krueng Raya, Aceh Besar" is accepted for oral presentation at The Annual International Conference on Sciences & Engineering which is being held on 2021-09-29 at .

Please read comments from reviewers and make the necessary corrections where appropriate as suggested in the final submission. Your paper may still be rejected if this is not followed. Ensure that you adhere to the conference's paper template given on the website.

For the most updated information on the conference, kindly refer to the official conference website at <http://aic.unsyiah.ac.id/2017/sciences-engineering/>.

Thank you and looking forward to your participation in this event.

Reviewer A:
Some figures are in Bahasa Indonesia.
Some data are missing from the table.
For doctoral student, I think, the validation of the result is required.

Reviewer B:
The study entitled: Seismic Vulnerability Based on Microtremor Data with HVSR Method in Krueng Raya, Aceh Besar, is very interesting to be presented at the AIC-SE International Conference.
However, there are a few things the authors need to pay attention to:
1. Authors are required to follow the AIP template, as the template can be downloaded at <http://aic.unsyiah.ac.id/2021/sciences-engineering/> ==> ignore if it's appropriate.
2. Abstract Section: 150-300 words, should contain background, brief method, main results, and conclusions of the topics discussed.
3. Check the caption of Figure 9, there are many spaces between words, there are also in the text (double spaces between words)..
4. Formulas are numbered (1), (2), and so on....
5. Reference follow the format (consistent) use [1], [2], ..., also reference Figure 1 and Table 2,
6. Please recheck the English language, if it is needed to be proofread by

professional proofreading, this is expected to avoid rejection from the AIP
Publisher.

Please revise and resubmit the manuscript as a Microsoft word file.
