Reviewer A:

Title

Title reflects the essence of the content of the article (content, method, novelty)

:

This study is in line with the focus of the Samarah journal on Islamic law. This article contains content and methods that meet the rules of a scientific journal.

Abstract

Abstract contains problem of research, method, and result

:

abstract has mentioned research questions, methods and findings. research questions still need to improve the sentence, make it just one sentence.

Originality

The originality of the subject matter, and the manuscript would be of interest to the the scholar of Islamic countries in general and specifically in Indonesia

:

This study contains authenticity because it discusses the issue of formal and material truth in the perception of judges in religious courts. The data analyzed also includes the decisions of the religious courts which are one of the primary sources of legal research.

The Depth of Literature

Whether the article draws on an appropriate range and depth of literature (if not please indicate which sources of literature should be included by the author in future)

:

Please add Scopus journal articles or at least SINTA 2.

Finding Presentation

Whether the findings presented are subjected to suitable analysis and sound conclusions drawn

:

1. Islamic legal philosophy approach is more suitable in this study, because it examines the understanding of judges.

2. In this background, several studies related to the discussion have not been mentioned. this can be referred to quality international or national journals.

Implications for understanding the study of Islamic family law and Islamic law in Islamic in Islamic countries in general and specifically in Indonesia

:

a study of the paradigm of judges' understanding of religious courts regarding formal and material truths will have implications for progressive Islamic law. because any court decision in any country will show the difference between one and another. therefore, it will be of interest to legal scholars at national and international levels.

Technical writing

Articles must be in accordance with the surrounding style and journal template

.

- .
1. it needs additional literature and adjustments to the samarah journal template.
 2. conclusions need to be sharpened
 3. Add articles from Scopus reputable international journals.

Additional comment for the author:
needs minor repairs.

Reviewer B:

Title

Title reflects the essence of the content of the article (content, method, novelty)

:

title suggestion: "The Principle of Truth in Judicial Institutions" can be used as the main title. while "Discourse of Judges in Religious Courts" can be made as a subtitle.

Abstract

Abstract contains problem of research, method, and result

:

1. in general the abstract is ok.
2. add Judge's Word in keywords, abstract

Originality

The originality of the subject matter, and the manuscript would be of interest to the the scholar of Islamic countries in general and specifically in Indonesia

:

This study is of interest to researchers in Indonesia and internationally. because the focus is on discussing the paradigm of religious justice for judges in religious courts. Religious courts in Indonesia have differences with religious courts in the Islamic world, for example, in Egypt, Pakistan, Malaysia, especially in Saudi Arabia.

The Depth of Literature

Whether the article draws on an appropriate range and depth of literature (if not please indicate which sources of literature should be included by the author in future)

:

Add scopus standard international journals,
both at national and international level.
