Dear Dr. Masrizal,

This is with reference to your manuscript entitled **"The Assistance Model Of The Baitul Mal In Promoting The Community Of Home Industry"** submitted for publication in the International Journal of Criminology and Sociology. It is my pleasure to inform you that the referees have suggested to accept your manuscript after some minor revision.

You are required to revise your manuscript according to the referees' comments below, in addition to these comments also please have a look at Editorial Requirements at 'Authors Guidelines' particularly in

term of reference section when revising your manuscript. We greatly, anticipate submission of your revised manuscript (in **MS-Word** or **LaTeX**) in a week.

NOTE: I am sorry for misunderstanding, the copy of your manuscript was sent to you for checking the English language editing only. Now below are the comments by referee. You are requested to address the comments in the English Editing copy.

Reviewer comments :

This is a topical paper. It is well written and useful to an international readership. I support accepting this article for publication with some minor revisions:

1. In the methodology section, explain why you choose those methods and how to collect the interview data as well as what types of documents you collected.
2. The discussion in section III (especially 3.2) is too weak. You should discuss the strength and weakness of those measures as well as compare to other research.
3. I would like to see a short discussion of the research limitations.
4. The paper contains many spelling mistakes.

Please note that the publishing option for authors after their manuscript is accepted for publications:

OPEN ACCESS: Your article your article is published with barrier free access for readers. The article processing fee is US\$ 400.

Please make sure to send your response to the reviewers comments in a separate word file.

You are requested to kindly confirm a safe receipt of the message and don't hesitate to contact us if you have any additional query/concern.

Looking forward to hear from you at your earliest possible.
