- Certainly score of journal-ready paper must be less than 20% (Single author is 100% (MTO))
- Please strictly use it follow to the template Manuscript: <http://www.iaesjournal.com/guide>
- Number of minimum references for original research paper is 25 references (and minimum 30 recent journal articles)
- Number of minimum references for review paper is 10 references (and minimum 40 recent journal articles)

Dear Ms. Rika Yuliana,

Congratulations! Your paper #1570752083 (Best Practice Framework for Information Technology Security Governance in Indonesian Government) for the International Journal of Electrical and Computer Engineering (Submission Period: Apr-Sep 2021) has been ACCEPTED with minor revisions. The IJECE ISSN 2089-870X, e-ISSN 2122-4718 (www.iaesjournal.com) is a SCOPUS indexed journal (Q1) 1.944.536 Q135 CiteScore: 1.63 Q1 & CiteScore (Q2) on both of the Electrical & Electronics Engineering, and Computer Science. The journal is open to submission from scholars and experts in the wide areas of electrical, electronics, instrumentation, control, robotics, telecommunication, computer engineering, computer science, information system, information technology and information from the global world. The aim of this journal is to publish high-quality articles dedicated to all aspects of the latest outstanding developments in the field of electrical engineering, its topics encompass the applications of Telecommunication and Information Technology, Applied Computing and Computer, Instrumentation and Control, Electrical Physics, and Electronics Engineering.

Please make the necessary changes based on reviewer comments and suggestions. The reviews are below or can be found at 1570752083. Please prepare your final journal-ready paper (in MS Word file format) address every detail of the guide of authors: <http://www.iaesjournal.com/guide>, and check it for spelling/grammatical mistakes. Please explain more your proposed method/approach/algorithm/algorithms, clearly describing method explanation any the use of each reason to judge article quality and your article potentially receives a high citation number. The goal of your journal-ready paper is to describe HOW, TECHNICAL RESULTS.

Please pay an attention to double check your final journal-ready paper

To: PLEASE ADDRESS STRICTLY THE GUIDE OF AUTHORS: <http://www.iaesjournal.com/guide> and pay attention to the checklist for preparing paper (PDF) paper for publication: <http://www.iaesjournal.com/indonesian/IJECE/ChecklistforPreparingPaper.pdf>
