3. The similarity must be under 20 % by Turnitin Plagiarism Checker	21% Please do minor revision on this	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
TITLE Title reflects the essence of the article's content, including method and novelty.	Looks ok Do consider to include the name of program (Program Bimbingan Perkawinan) at the title.	1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/>
ABSTRACT Abstract contains problems of research, method, and result in 150-200 words	Looks ok	1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/>
KEYWORD It consist of 3-5 important keywords	Looks ok	1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input type="checkbox"/> 4 <input type="checkbox"/> 5 <input checked="" type="checkbox"/>
INTRODUCTION Introduction must contain a (shortly and consecutively) general background, a literature review (state of the art) as the basic of the brand-new research question, statements of the brand-new scientific article, main research problems, hypothesis, and purpose(s) of the article.	Instead of delivering the data on what other countries do, better for you to present data about the divorce rate, particularly at Aceh and South Sumatra and how it relates to the program as well as family resilience. Also, you havent mentioned your research problem clearly.	1 <input type="checkbox"/> 2 <input checked="" type="checkbox"/> 3 <input type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/>
ORIGINALITY Originality of the subject matter would be of interest to the the scholar of Islamic Jurisprudence, Law and social sciences concerning plurality and living values specifically in Indonesia	You havent mentioned some previous relevant researches to confirm originality/novelty of your paper, as well as their relationship and how your existing research can fill the missing gap of those previous.	1 <input checked="" type="checkbox"/> 2 <input type="checkbox"/> 3 <input type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/>

<p>RESEARCH METHOD It should contain enough information to enable the readers to understand methods used in obtaining and analyzing the data.</p>	<p>No big problem so far. Please pay attention to the comments.</p>	<p>1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/></p>
<p>DISCUSSION AND RESULT It should be presented continuously starting from main result until supporting results and equipped with a discussion whether the findings are subjected to suitable analysis, conclusions, and implications.</p>	<p>As your research problems are unclear, it is hard to follow the flow of your discussion and result. Please make them match once you have mentioned the research questions! Besides, it seems that you need to broaden your interviewee to the one who attend the program, not only the staffs to know exactly how the program affects on both family resilience and divorce rate.</p>	<p>1 <input checked="" type="checkbox"/> 2 <input type="checkbox"/> 3 <input type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/></p>
<p>THE EXISTENCE OF TABLES/GRAPHS/FIGURES It must support the analysis, discussion, and another part of the article, and it must be used or elaborated well, clear, and brief.</p>	<p>Your chart needs explanation, not only display. Please do it and make it coherence with the article content well.</p>	<p>1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input type="checkbox"/> 4 <input checked="" type="checkbox"/> 5 <input type="checkbox"/></p>
<p>CONCLUSION Conclusion is the answer of the hypothesis and research questions. It should not contain only the repetition of the results and discussions.</p>	<p>Looks good. Please comply with the journal's template.</p>	<p>1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input type="checkbox"/> 4 <input checked="" type="checkbox"/> 5 <input type="checkbox"/></p>
<p>REFERENCES References must be up to date (in the last 5 to 10 years) with at least 30 references (40% from primary sources/journal) and accessible by everyone. Bibliography should use Mendeley reference manager applications with writing style of <i>Chicago Manual of Style 17th edition</i> and in accordance with footnote.</p>	<p>Please add doi of the journal articles among your bibliography so that readers can easily find your reference. Please also be noted that we use reference manager of Mendeley. Pay very much attention and refer to the journal's template/ author guidelines.</p>	<p>1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/></p>
<p>LANGUAGE ASPECT The article's content must be grammatically correct in English or Arabic style</p>	<p>Needs minor correction.</p>	<p>1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input type="checkbox"/> 4 <input checked="" type="checkbox"/> 5 <input type="checkbox"/></p>
<p>FUNDING & ACKNOWLEDGEMENT The article must clearly state the source of research funding and the acknowledgment</p>	<p>Please add this part</p>	<p>1 <input checked="" type="checkbox"/> 2 <input type="checkbox"/> 3 <input type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/></p>
